

# Very Important Papers

This packet contains E-learning day work for:

## E-Learning Day 3rd Grade Lynd Public School

In the event of school closures, E-Learning days have been established for Lynd Public School students. Students will complete paper and/or digital assignments from home on those days. All teachers will be available to the students via email or other digital means during school hours. 3rd graders should expect to put in 2-3 hours of work on E-Learning Days.

3rd grade assignments have online and paper/pencil options for your students to choose from. Please complete one activity for each of our classes from the chart. Our third grade packet has enough work included/available online to get our students through 5 e-learning days if needed. These E-Learning Day activities must be completed and returned either digitally or in person to Mrs. Coequyt when we return to school.

**Parents-Please initial each activity your child completed for the E-Learning Day on the chart below. Students should attempt a variety of activities throughout the (potentially) 5 E-Learning days. Remind your student to return their chart and their completed worksheets to Mrs.Coequyt.**
